

Researchers' Forum Workshop on ICT

The Report

Sambhram School of Management in association with Researchers' Forum conducted workshop on ICT on November 22, 2015[Sunday] in our School premises for the candidates appearing @ the forthcoming UGC-NET/K-SET. Mr. J B Janardana, Associate Professor-cum- Convener of Researchers' Forum welcomed and introduced the Resource Person, Dr. A Y Asundi, Formerly Head and Professor, Department of Library and Information Science, Bangalore University, Bangalore.

Prof Asundi traced the history of Computer including both its hardware and software. After explaining computer's origin and its various stages of development, he went on to explain what kinds of questions will appear and how they could be solved .Later on he went on to explain the importance of ICT beyond UGC-NET/KSET. The participants being test aspirants asked various questions and got their doubts clarified by the resource person.

Dr. V D Potdar, Principal, Nagarjuna Degree College, Bangalore, in course of his vote of thanks, summed up the entire workshop and profusely thanked the resource person, the School and the Research Forum for conducting the series of workshops for the test aspirants. He asked the participants to make use of the opportunity and keep disseminating the information so that larger section of the society would be benefited.
