

## **Sambhram School of Management**

### **“SAMBHRAMOTSAV” 2015**

“Only study no play makes Jack a dull boy”, “Health is better than wealth”; these two sayings underline the need for sports and cultural activities. By realizing the importance of the holistic development of the students, SAMBHRAM SCHOOL OF MANAGEMENT, kick started Two Days “SAMBHRAMOTSAV”-2015, an intra-institutional sports and cultural fest on 17<sup>th</sup> and 18<sup>th</sup> NOVEMBER, 2015 in its premises. The management is encouraging the School to conduct these kinds of activities for the students by keeping in mind the overall development of them. Apart from organizing industrial visits, guest lectures, training programs, the School organizes the outdoor activities like sports and also CSR activities by students which are supported by Director and the staff members as well. The Fest helped the students to learn practically how to manage the activities like conducting cultural activities and organizing sports events. All events were managed by students systematically, thus they learnt management skills practically outside the classrooms also. Some of them are good at individual events where as others are good at playing in a team. These group activities, both cultural and sports, taught them how to work among the groups: they learnt those skills to work in groups, some students opined.

The faculty members and Director encouraged and coaxed the students to participate in all the events. The students with a lot of zeal, enthusiasm and full of energy participated in the events and won prizes for their spectacular performances. The valedictory function was organized at the end of the second day’s events, wherein the winners and losers alike enjoyed the prize distribution ceremony. Totally ten events were conducted on the occasion.

They were:

1. Solo song
2. Solo Dance
3. Group Dance
4. Mehendi Application
5. Cooking without Fire
6. Collage
7. Business Quiz
8. PPT (Business Etiquette)
9. Volley Ball
10. Throw Ball

The valedictory function was held on the second day i.e. 18th November, 2015 in the School Seminar Hall. An alumnus, Mr. Deepak was the Guest of the function. The Guest, the Director and some faculty members distributed the prizes to the winners. During the prize distribution ceremony both the winners and losers re-sounded the hall with their applauding. Mr. Gyanendrakumar Gupta of first semester MBA emerged CHAMPION.

In his speech the guest thanked his Alma Mater for having given him the honor of being the guest. He advised the students to make use of every minute of their stay in the School. He further said that the world outside is ruthless, so he asked them to prepare themselves to face the world.

The Director in his address said that why he invited an alumnus like Mr. Deepak. He further told that they too can come as guest in future like him. In course of his address he coaxed the students to dream big and concluded that they were in no way inferior to any top B-School students. Thus the losers learnt the lesson of taking victory and vanquish on the same scale with true positive and sportive spirit. The losers were of the opinion that they were not losers as they did not quit from participating; they only failed who quit from taking part in the competitions, the students felt. Mr. J.B.Janardana, Associate Professor anchored the program.
